

INTERNATIONAL LIMITED

E-mail: info@firestopper.co

April 4, 2023

The FireStopper® FFC Technology is a closely held Trade Secret (TS) within the meaning of all applicable laws and statutes, including but not limited to the International law, Federal Law, The Uniform Trade Secret Act (“UTSA”, codified at Cal. Civ. Code Sec. 3426, et seq.), Business and Professions Code Sections §17200, et seq., and other applicable laws. As defined in the UTSA, a “Trade Secret” is information, including formulae, patterns, compilations, programs, devices, methods, techniques and/or processes.

Notwithstanding, the above, since we are not revealing any information that would violate our TS position and the statements, we are making are factual in order to define the path of our Technology, we are pleased to represent and certify the following:

“All FireStopper® liquid firefighting products, whether concentrated or premixed, have no Fluorine or Halogens in their makeup. FireStopper® does not employ any components that are made up with Fluorine molecules or atoms.”

You are authorized to share this information with your clients or any other entities requiring the above statement as a representation and certification.

Best regards,

Ranjit Bedi

Chairman, CEO
